

P. N. PRACTICAL SIDE CORSETS

Some of the good features of the P. N. Practical Side Corsets:

- 1—The extra side pieces make the breaking down of the Corset impossible.
- 2—These side pieces can be removed from time to time without sewing or ripping, insuring permanent shapeliness to the Corset and adding to its ease of service.
- 3—If a lady wishes ease in reclining the side pieces may be removed and replaced at pleasure.
- 4—The front steel protectors used in all P. N. Corsets will keep the front steel from breaking and rusting.

The Daylight Store THROUGH STOCK TAKING

In taking stock we always run across lots of odd pieces of goods of every kind that have in some way been overlooked. These now go as remnants and find a place on our bargain table. Any time this week will do, but the quicker you see these the better value you are liable to get.

WASH GOODS.

In our purchase some months ago we bought a line of 12 1-2c Gingham that we are now going to start the season with at 10c per yard.

We have one lot of Imitation Flannels. These are cotton goods that look like Scotch flannel. Was 10c, now at 7 1-2c per yard.

We have just received a few very pretty new patterns of Satine for ladies' waists and dresses. These in stripes make very good shirts for men. Price 15c per yard.

New lot of yard-wide Percelle to sell at 10c.

New lot of yard-wide very best Percelle, in linen patterns, with side bands at only 12 1-2c per yard.

AT LESS THAN REGULAR PRICES.

The following goods are at less than regular prices:

About 25 dozen Ladies' Fast Black Hose. These come in boxes and are in different qualities, from 15 to 25c per pair and not very correctly sized. If you can get your size here the cost is but 9c per pair.

Several dozen Ladies' very best fleeced Vests and Pants, the 50c grade, now at 39c each. (Just this one lot at this price.)

About 30 pairs of ten-quarter Grey Blankets, now to close at 49c per pair.

All of our \$1.25 and 1.50 Wrappers to close at only 98c each. (Less than cost.)

LADIES' AND MISSES' GARMENTS.

Those that have waited for the last markdown will not have to wait any longer.

Children's Garments at half price and in the assortment, if taken at once, are some of this season's very best garments, those that have style, fit and are warm, and you are sure to see more cold weather in the next two months than you have seen in the last two.

Our Garments are all of them of that quality that one season's wear does not wear them out; they look new for another season.

There is but little difference at this time of the year in price between a poor and a good garment. Better see prices on good garments.

New Scotch Gingham and Muslins for Spring Dresses Just Arrived.

TALK OF THE TOWN

Typewriting, copying, dictation, Mrs. M. G. Nye, rooms 7 and 8, Blanchard block.

All heavyweight goods are being offered by the Frank McWhorter Co., at a liberal discount.

The turkeys to be used at the Eastern Star supper Wednesday night come from Chelsea, Vt., and are strictly fresh.

FILES HIS PAPERS.

Mayor Carpenter of Rutland to Enter The Lists Again.

Rutland, Feb. 2.—The nomination papers of Henry O. Carpenter, citizens' candidate for mayor, were filed in the city clerk's office yesterday. The first three signatures are those of W. K. Farnsworth, Henry F. Field and George E. Lawrence. There are about 200 signatures in all, but enough more will be brought in later to bring the total up to 500.

It can be positively stated that there is absolutely no foundation to the story that Frank R. Blanchard would withdraw from the mayoralty fight under certain conditions. Mr. Blanchard's strongest supporter has assured him that he will back him to the finish. When this decision was reached the strongest supporter called up several prominent politicians about town and notified them of his determination. Some of the men notified are friends of Mr. Blanchard, but many are strong supporters of Mayor Carpenter.

The citizens' committee has not yet made up an aldermanic ticket or called a meeting for the purpose of discussing the matter, but it is likely that something will be done about it very soon. The committee is now considering the advisability of canvassing the sentiment in every one of the odd-numbered wards and nominating the strongest man in each, regardless of his politics.

A member of the Democratic city committee said yesterday afternoon that it was very unlikely that the committee would call a Democratic caucus this year.

Increase Capital Stock.

At a special meeting of the stock holders of the Hardwick & Woodbury railroad company held at the office of the Woodbury Granite Co., on Tuesday January 26th, 1909, it was voted to increase the capital stock of the H. & W. R. R. by the issue of three thousand additional shares of common stock, to be divided pro rata among the stock holders on the basis of their present holdings. This stock is issued in order to provide for the purchase of a new engine, new rails and other equipment made necessary by the increased business of the road.

WEST TOPSHAM.

Mrs. Olie Jeffords has the tonsillitis.

Mrs. N. P. Philbrick is sick with pleurisy.

The Common Fly.

Under the microscope over 100,000 bacteria have been counted on the legs and mouth of a single house fly.

The Glue Bottle Cork.

After a bottle of glue or cement has been opened rub mutton tallow on a sound cork before inserting it, and the cork will not stick fast to the neck of the bottle and break when an attempt is made to draw it. Moreover, the glue will remain in a liquid state.

Automobile Force.

An automobile weighing a ton and running sixty miles an hour is said to have 25 per cent more striking force than a twelve pound shot fired from a gun at a muzzle velocity of a thousand feet per second.

Sugar For Horses.

Every army horse in Argentina receives with its regular supply of food two ounces of sugar. The sugar is intended to increase the animal's power of endurance.

Extremes in Voices.

The Tartars have the strongest, the Chinese the weakest voices.

The English Channel.

The English channel at its east end is twenty-one miles broad, and at its west extremity it is from 100 to 110 miles wide. The greatest breadth is between Sidmouth and St. Malo, 150 miles.
